Delete Your Personal Activity or Data From Google Securely

Recommended for Personal Google Accounts

This tutorial explains how to delete your personal data from your Google account. First, open your Chrome Browser or your preferred browser and search for Google.

Go to www.google.com

01 Introduction

You will learn the necessary steps to manage and remove your activity data effectively.
This procedure is recommended for "**Google Personal Accounts**"

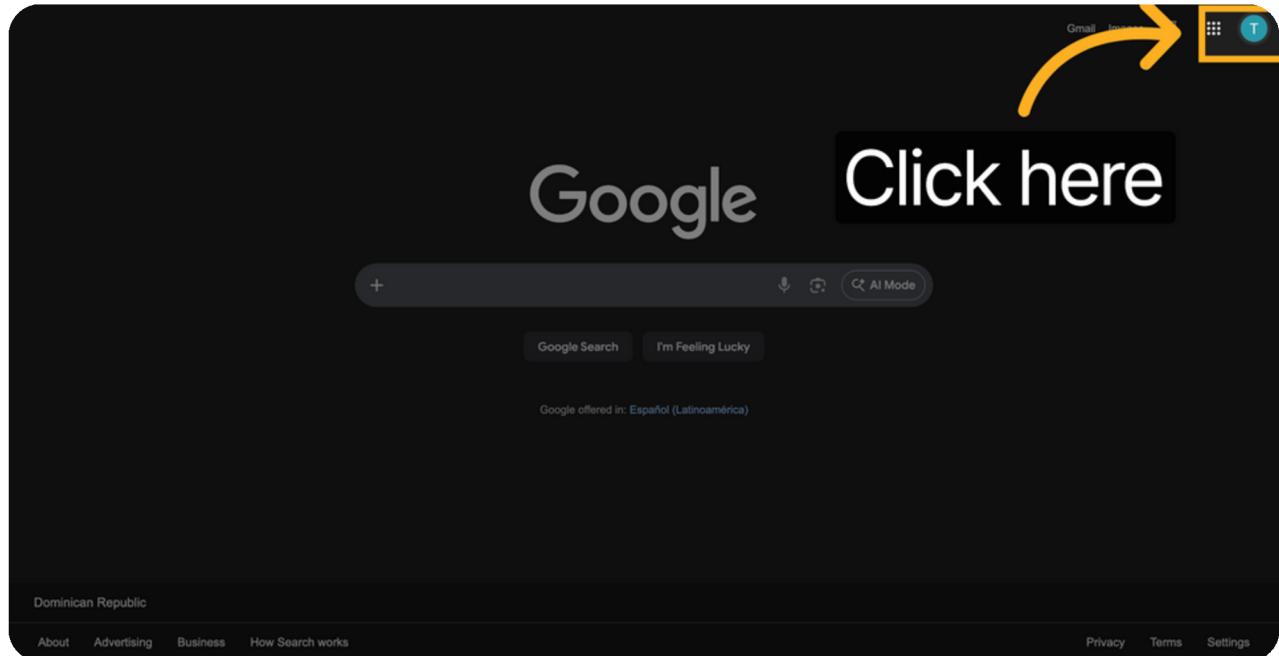

02 Open Google Homepage

Open the Google homepage and click on your profile picture to begin managing your account settings.

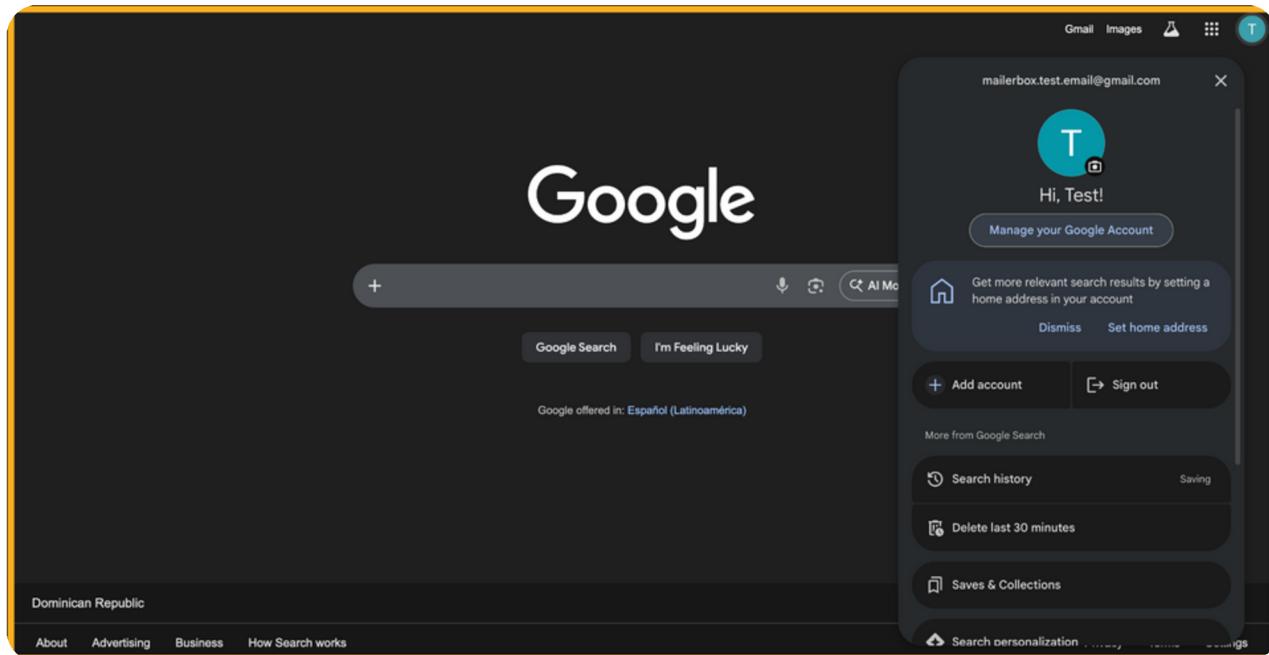

N.B.

Make sure you are logged into your "Personal Google Account".

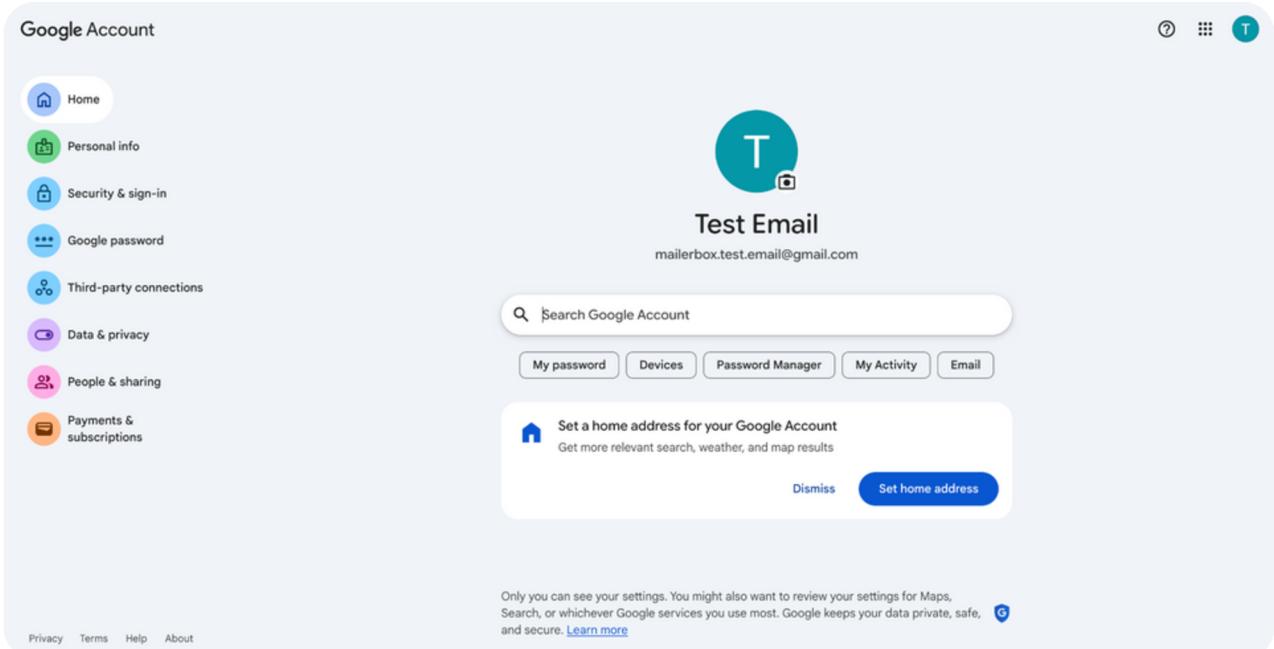

03 Access Google Account Settings

Click Manage your Google Account to open your account management page.

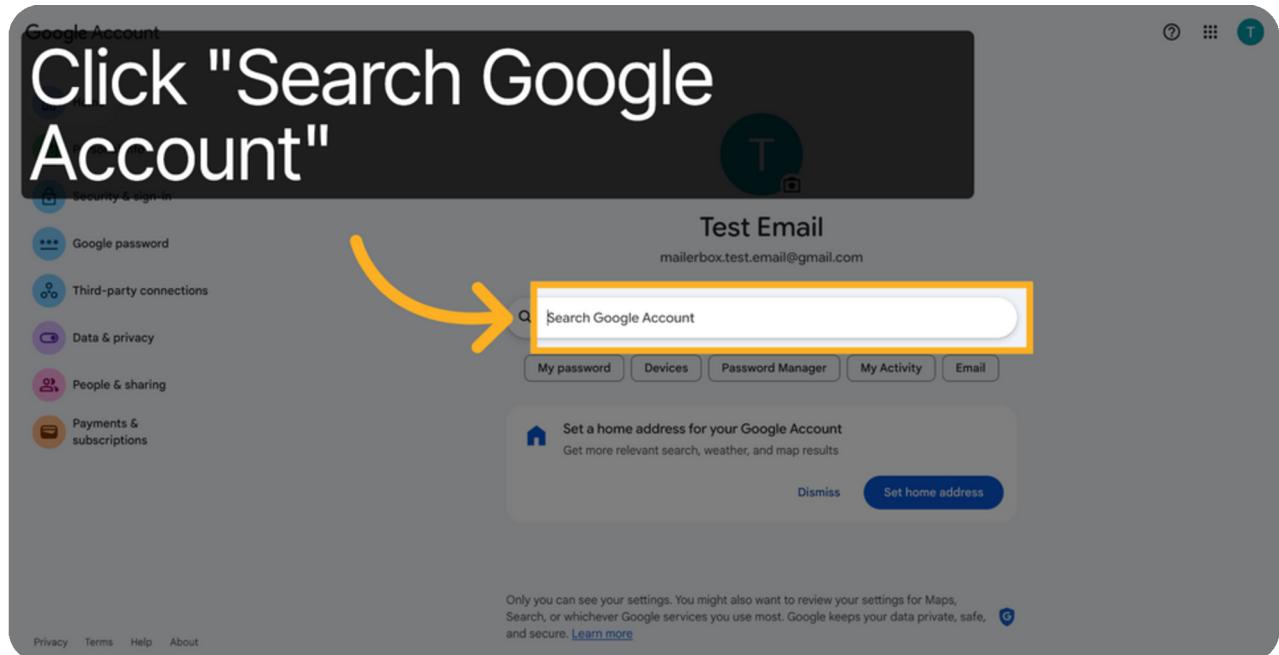

04 | Navigate to Account Management

Switch to the myaccount.google.com page to access detailed account controls.

05 Open Account Search Feature

Click Search Google Account to find specific settings and options.

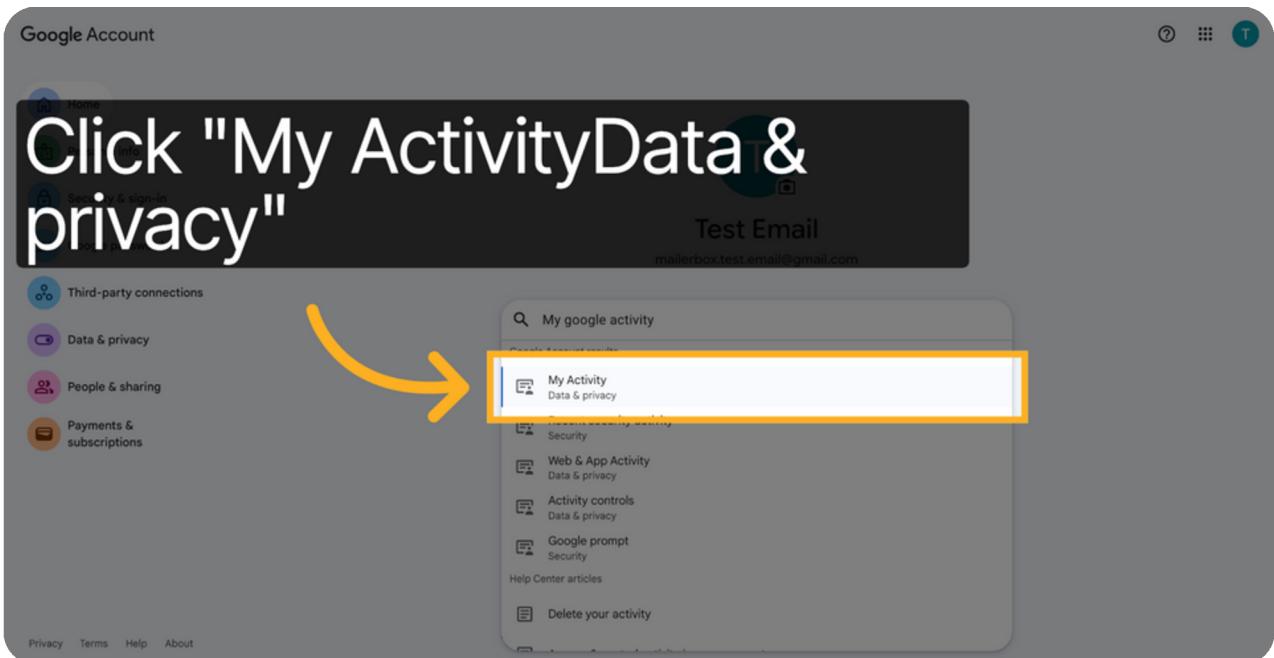

06 Enter Search Query

Enter your search query for My Google Activity to locate your activity data.

The screenshot shows the Google Account settings interface. On the left, there's a sidebar with various options: Home, Personal info, Security & sign-in, Google password, Third-party connections, Data & privacy, People & sharing, and Payments & subscriptions. The 'Home' option is selected and highlighted in blue. At the top right, there are three small icons: a question mark, a grid, and a profile picture. In the center, there's a large teal circular icon with a white letter 'T' and a small camera icon at the bottom right. Below it, the text 'Test Email' is displayed, followed by the email address 'mailerbox.test.email@gmail.com'. A search bar with the placeholder 'My...' is positioned above a row of buttons: 'My password', 'Devices', 'Password Manager', 'My Activity' (which is highlighted in blue), and 'Email'. A callout box appears below the search bar, containing the text 'Set a home address for your Google Account' with a house icon, followed by 'Get more relevant search, weather, and map results'. At the bottom of the callout box are two buttons: 'Dismiss' and a blue 'Set home address' button. At the very bottom of the page, there are links for 'Privacy', 'Terms', 'Help', and 'About'.

07 Select Data & Privacy Section

Click My Activity under the Data & privacy section to view your activity records.

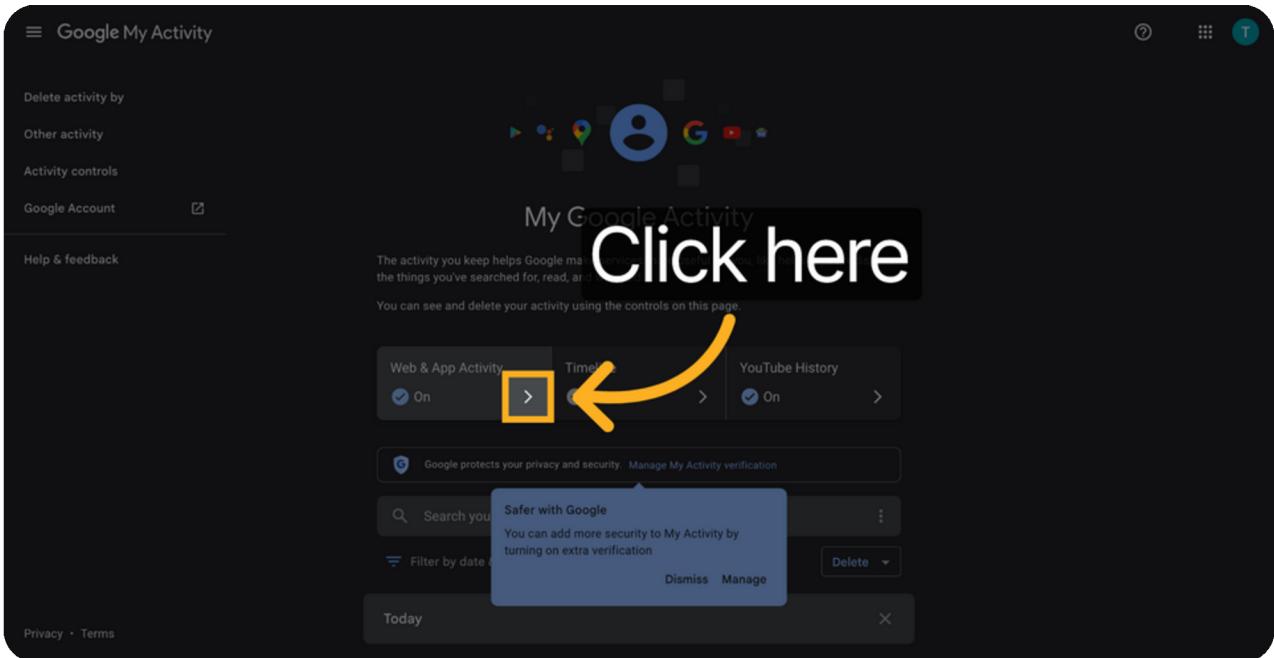

08 Go to My Activity Page

Switch to myactivity.google.com to manage your Google activity data.

The screenshot shows the 'My Google Activity' page. At the top, there's a sidebar with options like 'Delete activity by', 'Other activity', 'Activity controls', 'Google Account', and 'Help & feedback'. The main area has a dark background with a central profile icon and a 'My Google Activity' title. Below it, a message says: 'The activity you keep helps Google make services more useful for you, like helping you rediscover the things you've searched for, read, and watched.' A note below states: 'You can see and delete your activity using the controls on this page.' There are three tabs at the top: 'Web & App Activity' (On), 'Timeline' (Off), and 'YouTube History' (On). A blue callout box highlights a 'Safer with Google' section, which says: 'Google protects your privacy and security. Manage My Activity verification' and 'You can add more security to My Activity by turning on extra verification'. It includes 'Dismiss' and 'Manage' buttons. At the bottom, there are links for 'Privacy' and 'Terms'.

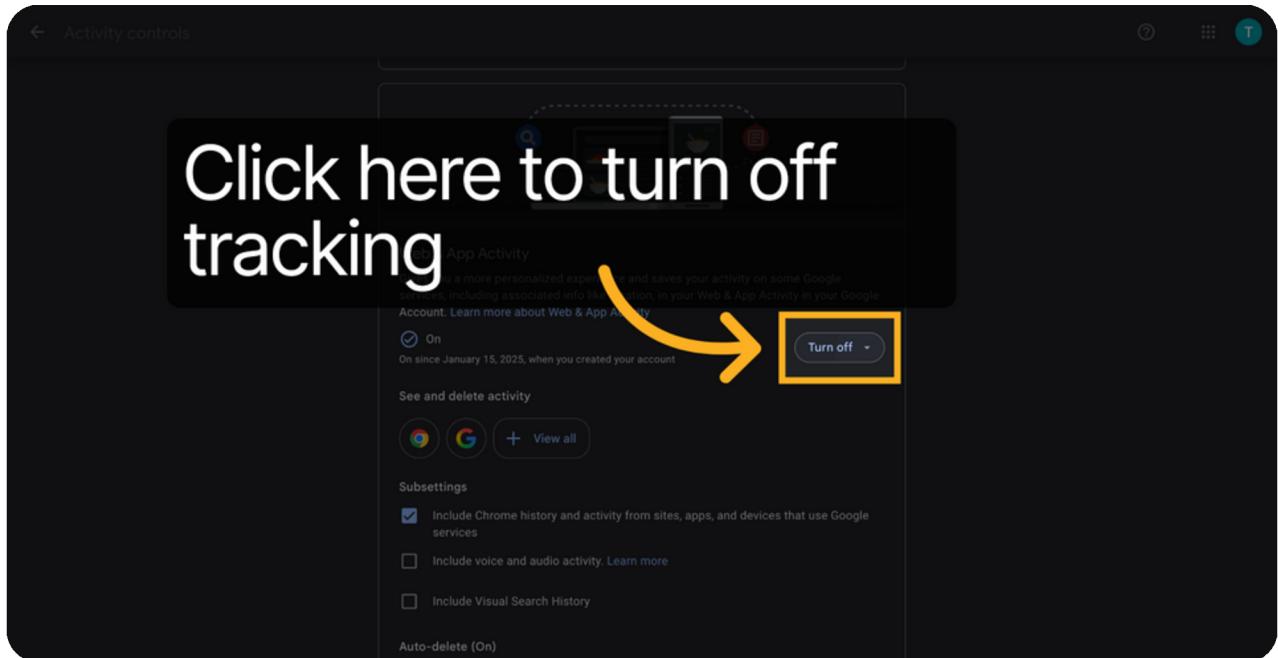

09 Open Activity Controls

Click the appropriate area to access your activity controls and settings.

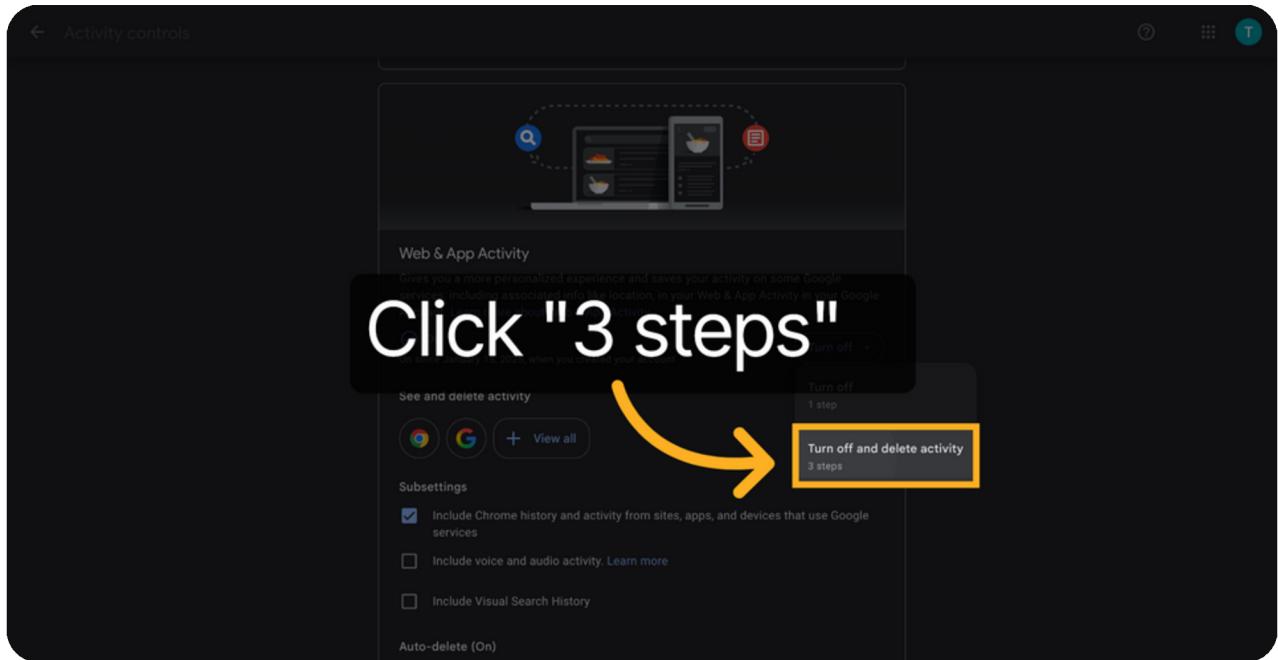

10 Access Delete Options

Click the option that allows you to delete your activity data.

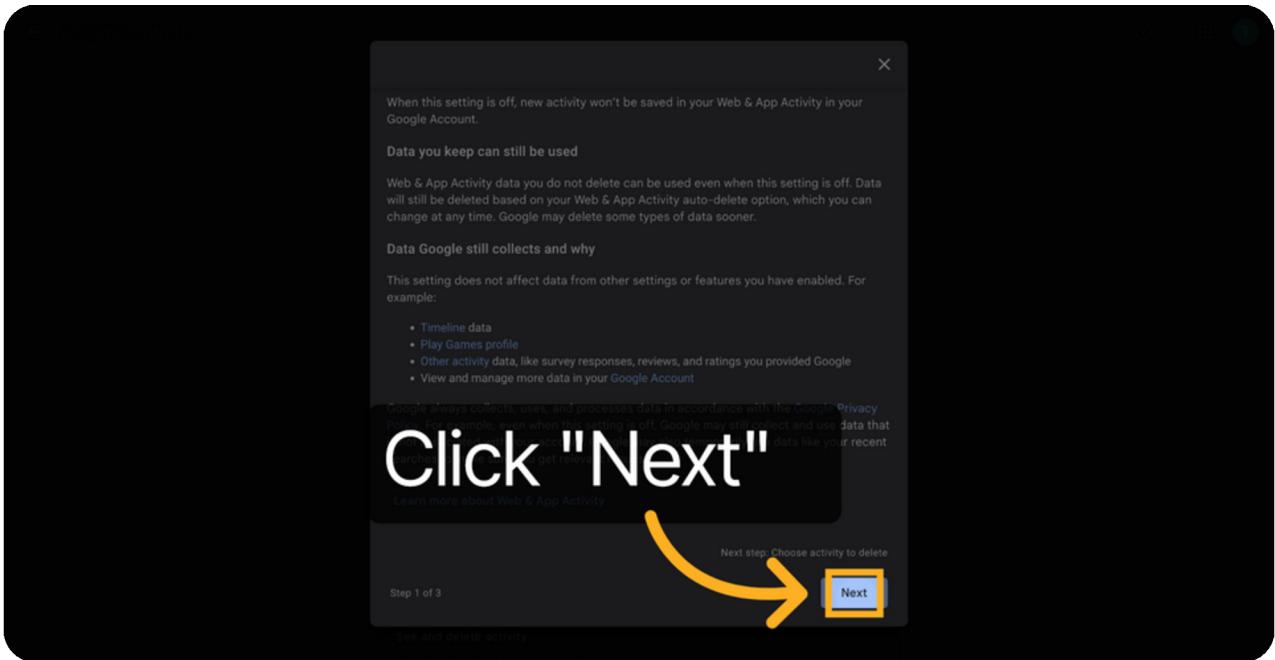

11 Review Deletion Steps

Click 3 steps to review the process for deleting your Google activity data.

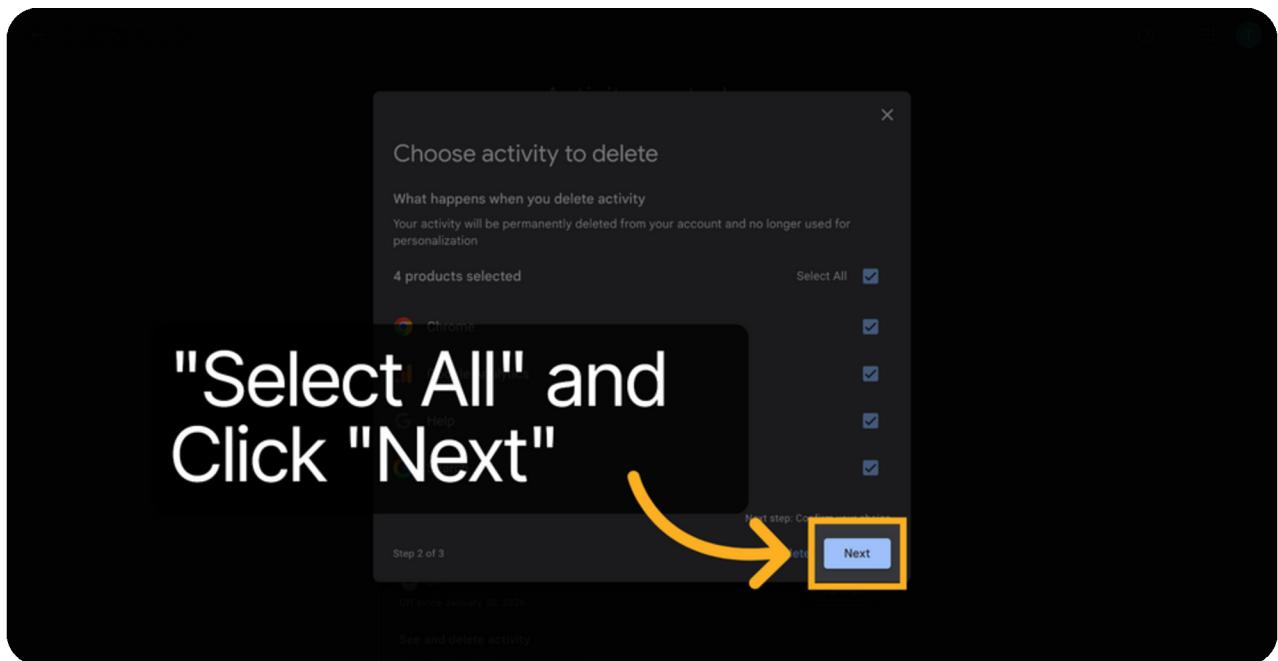

12 Proceed to Next Step

Click Next to continue with the data deletion process.

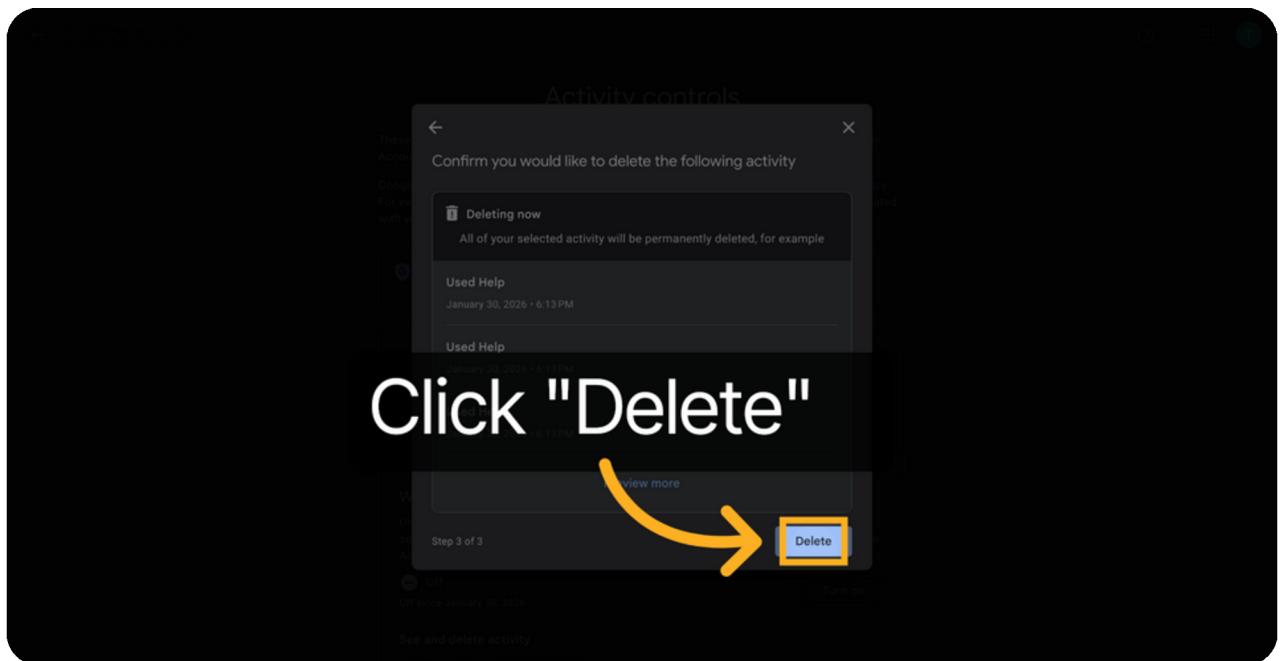

13 Confirm Deletion Access

Click the designated area to confirm your intent to delete data.

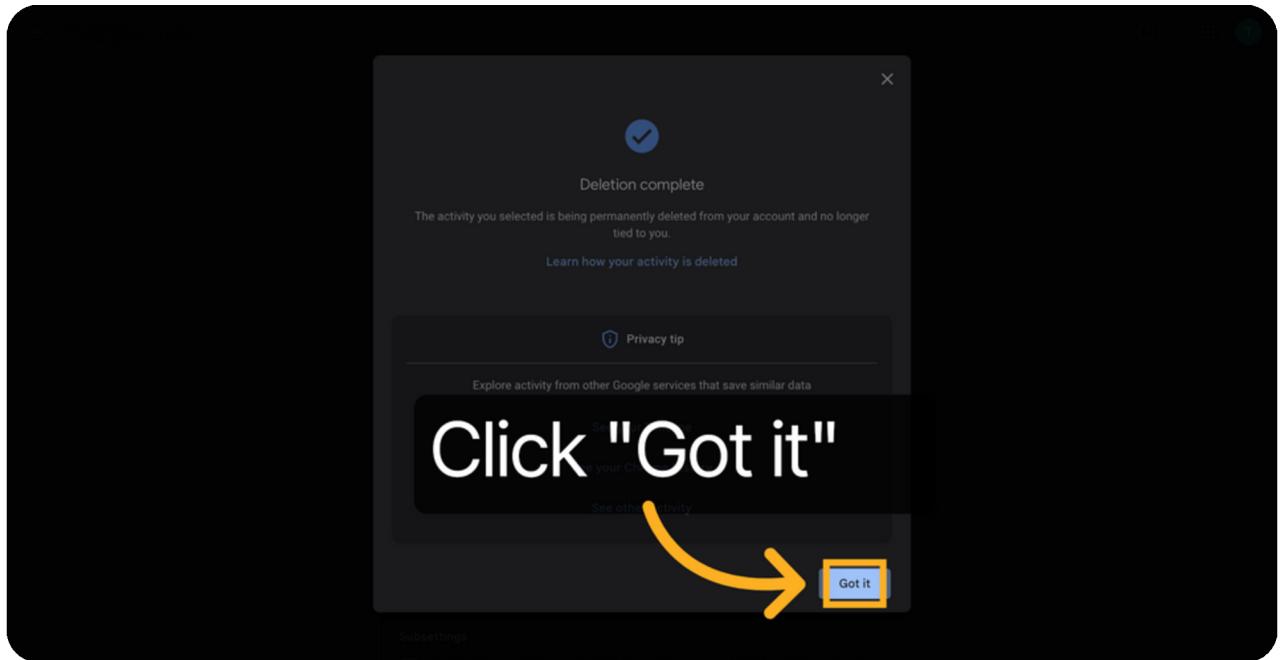

14 Initiate Data Deletion

Click Delete to remove your selected Google activity data.

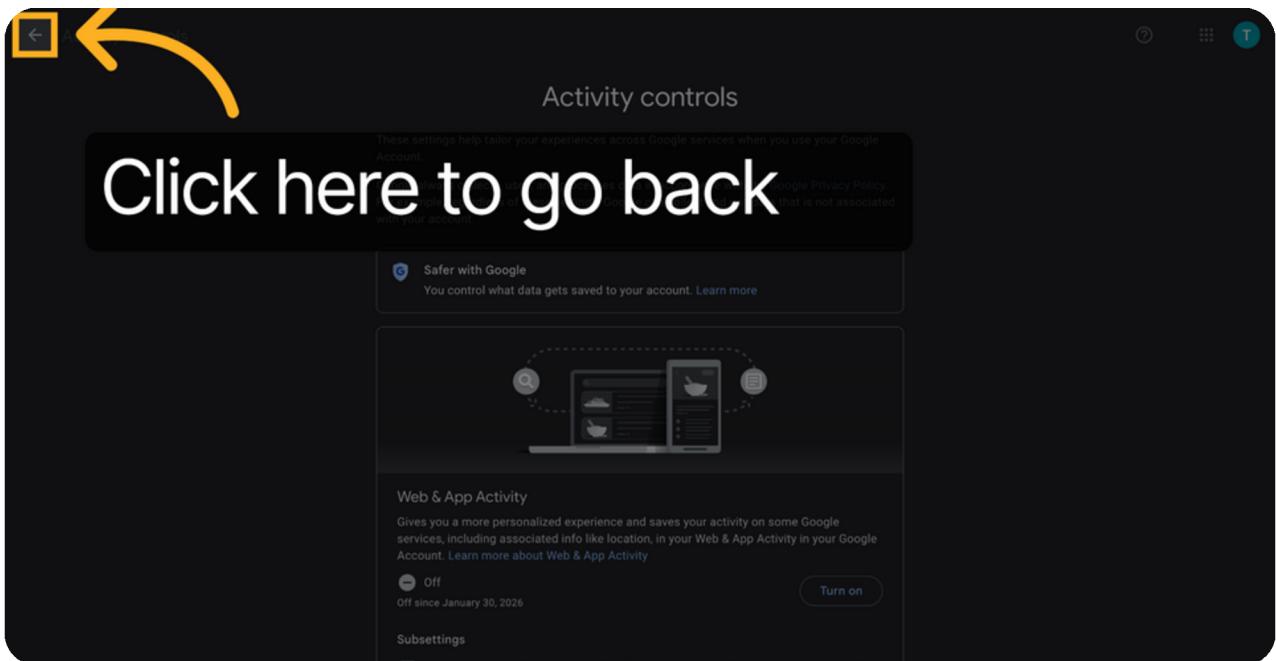

15 Acknowledge Deletion Notice

Click Got it to acknowledge the confirmation message about data deletion.

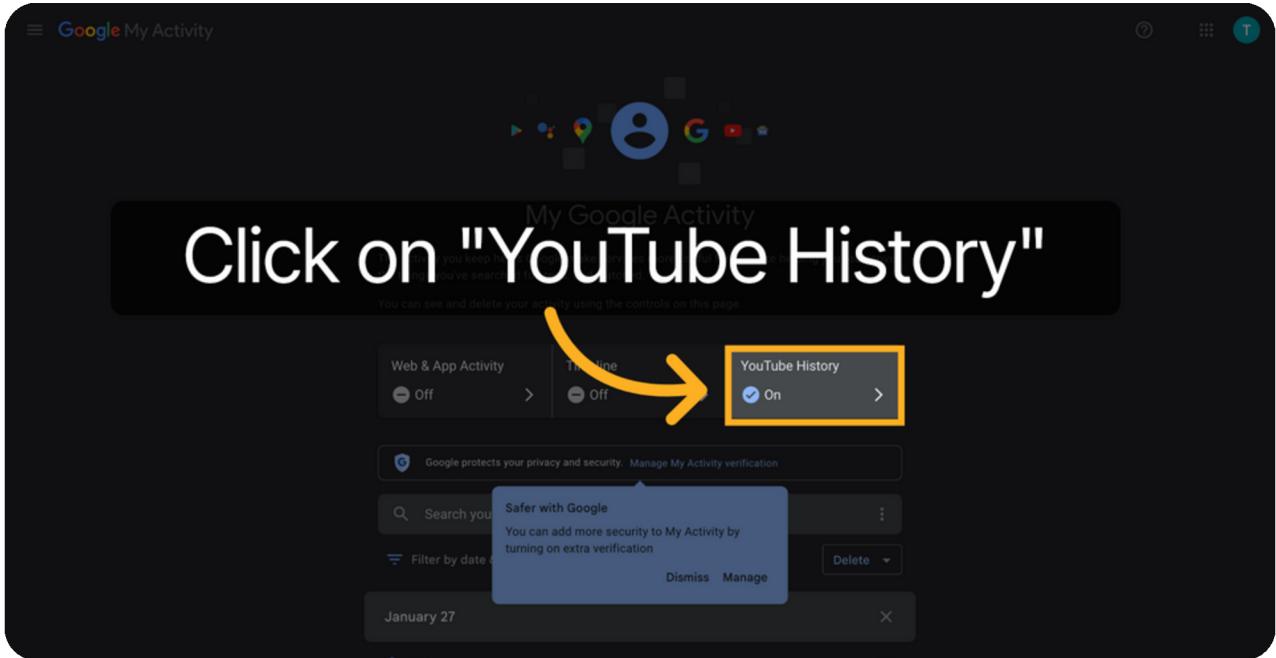

16 Open Activity Settings

Click the relevant area to access your activity settings for further management.

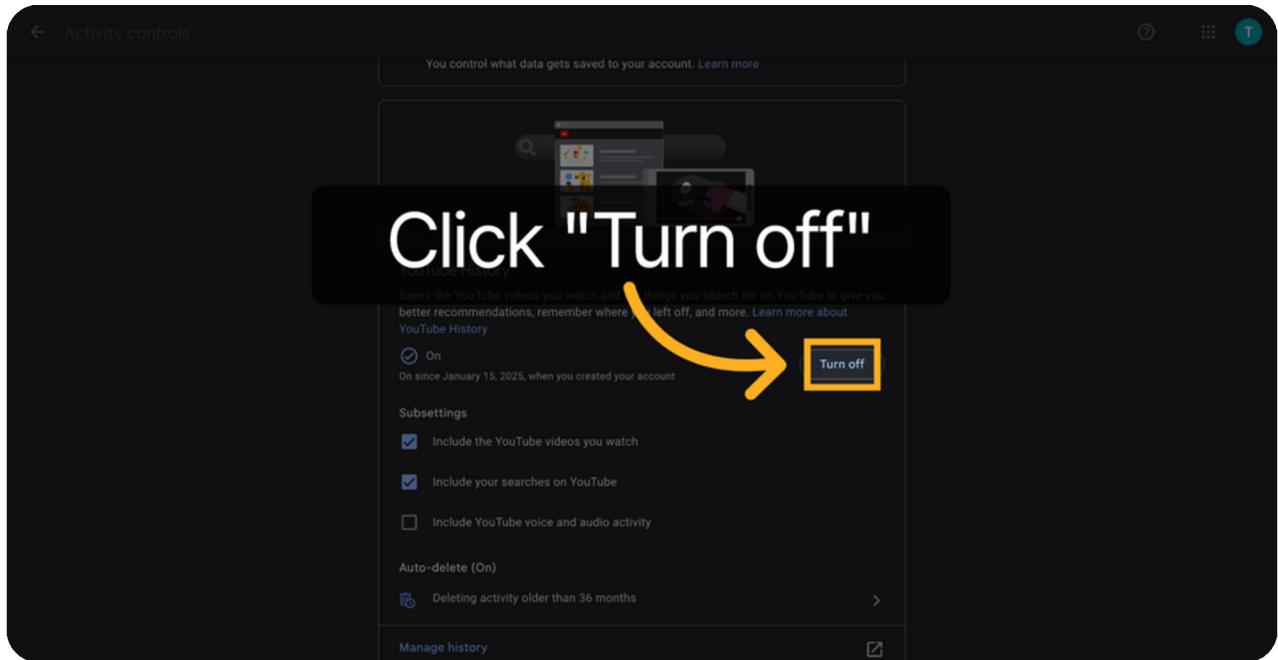

17 Enable Activity Controls

Click On to enable activity controls that manage data collection.

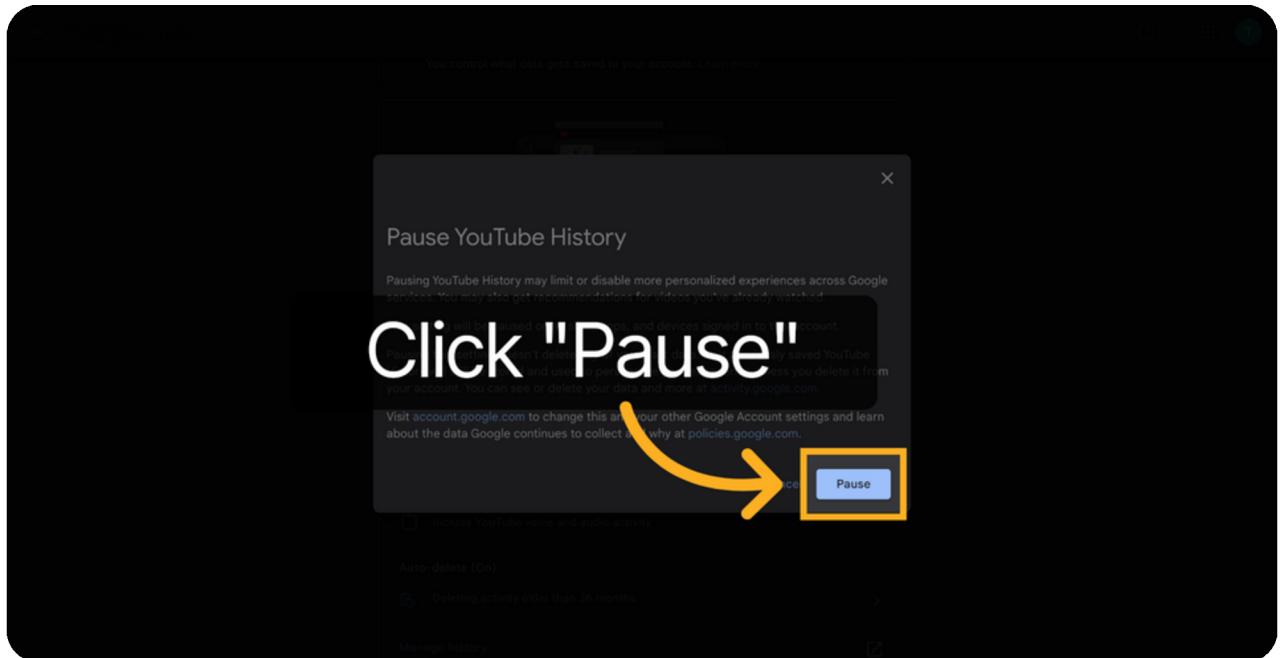

18 Disable Activity Tracking

Click Turn off to stop Google from saving your activity data.

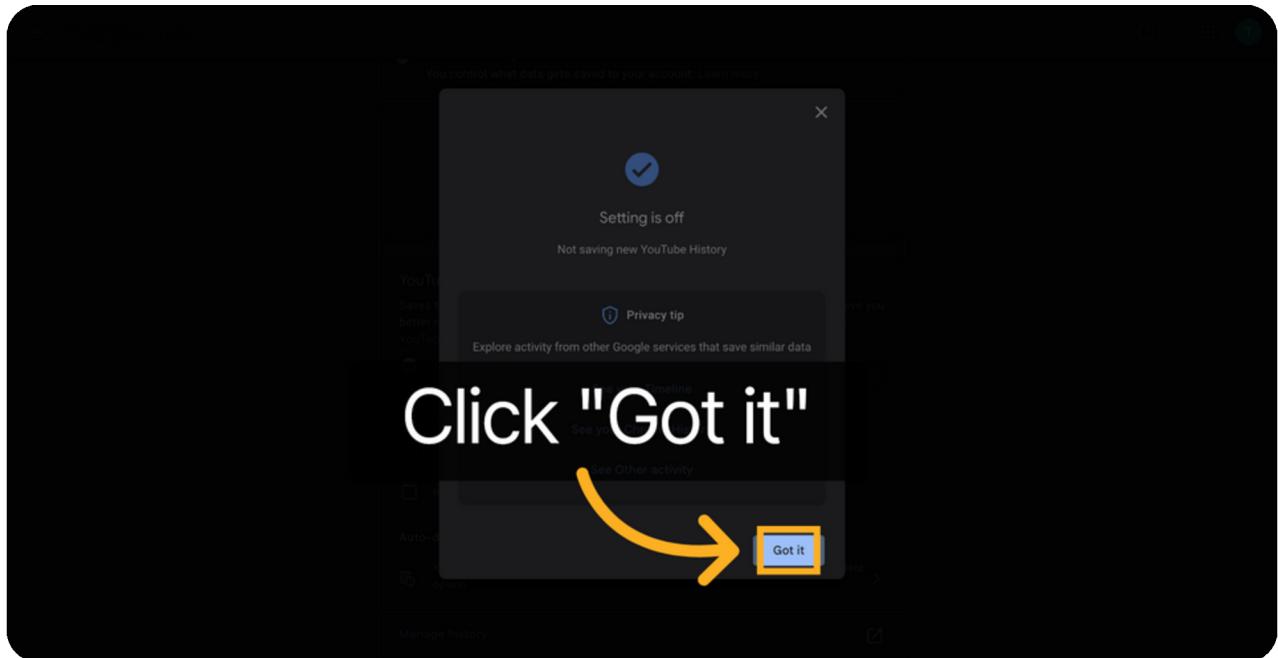

19 Access Confirmation Dialog

Click the area to open the confirmation dialog for turning off activity tracking.

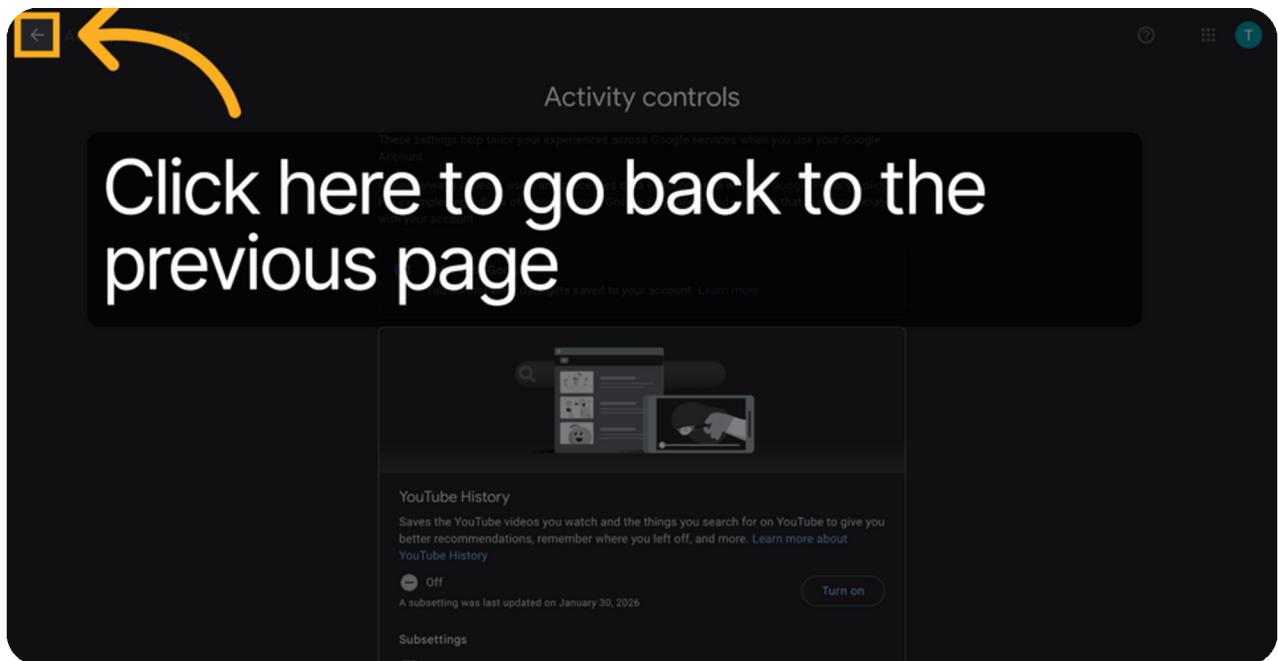

20 Confirm Settings Change

Click Got it to confirm that activity tracking has been turned off.

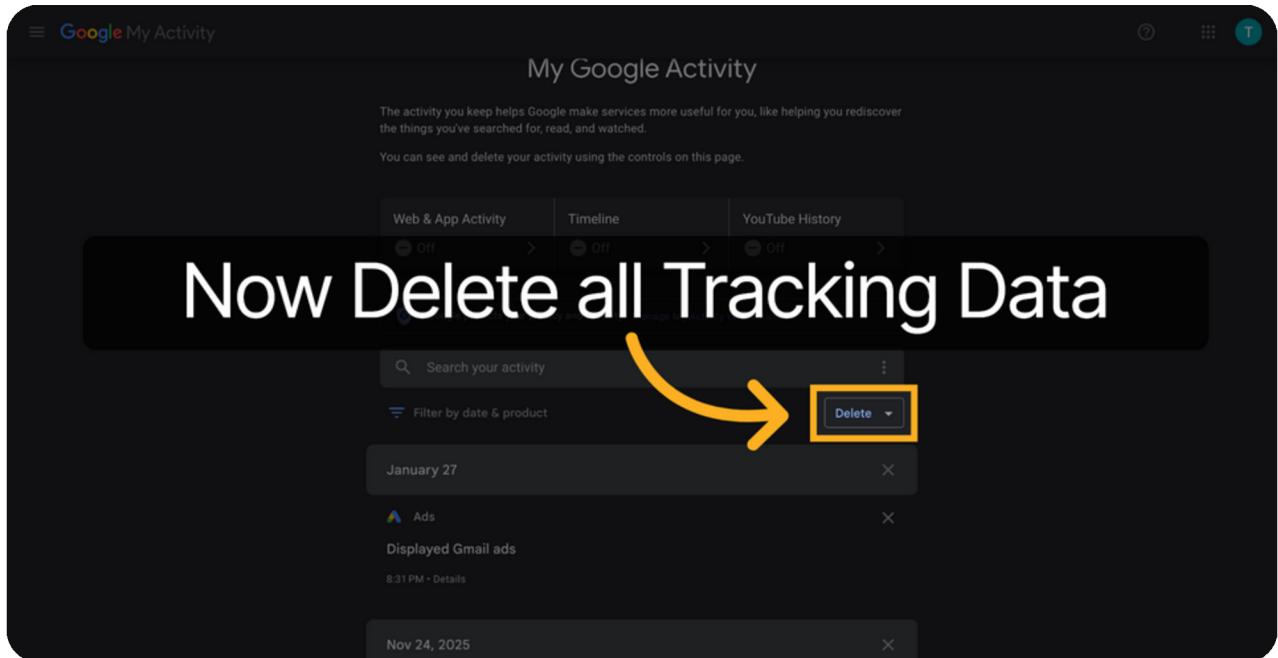

21 Open Additional Options

Click the designated area to access more options related to your activity data.

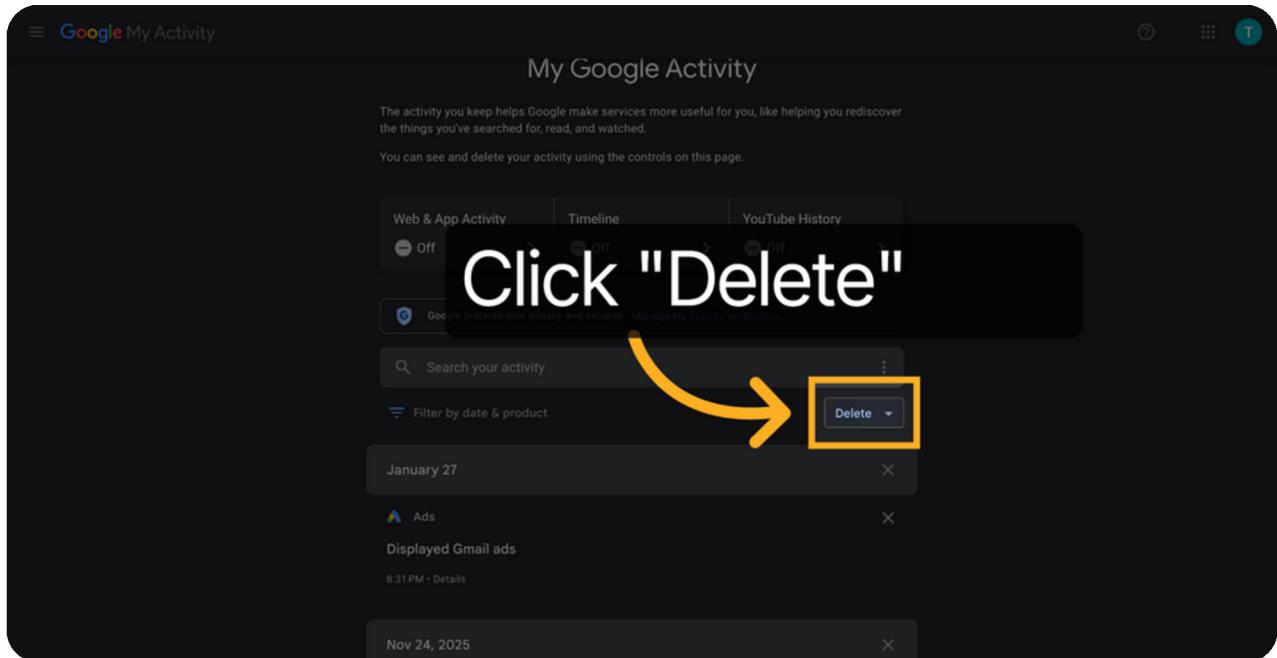

22 Dismiss Notifications

Click Dismiss to close any notifications or alerts related to your activity data.

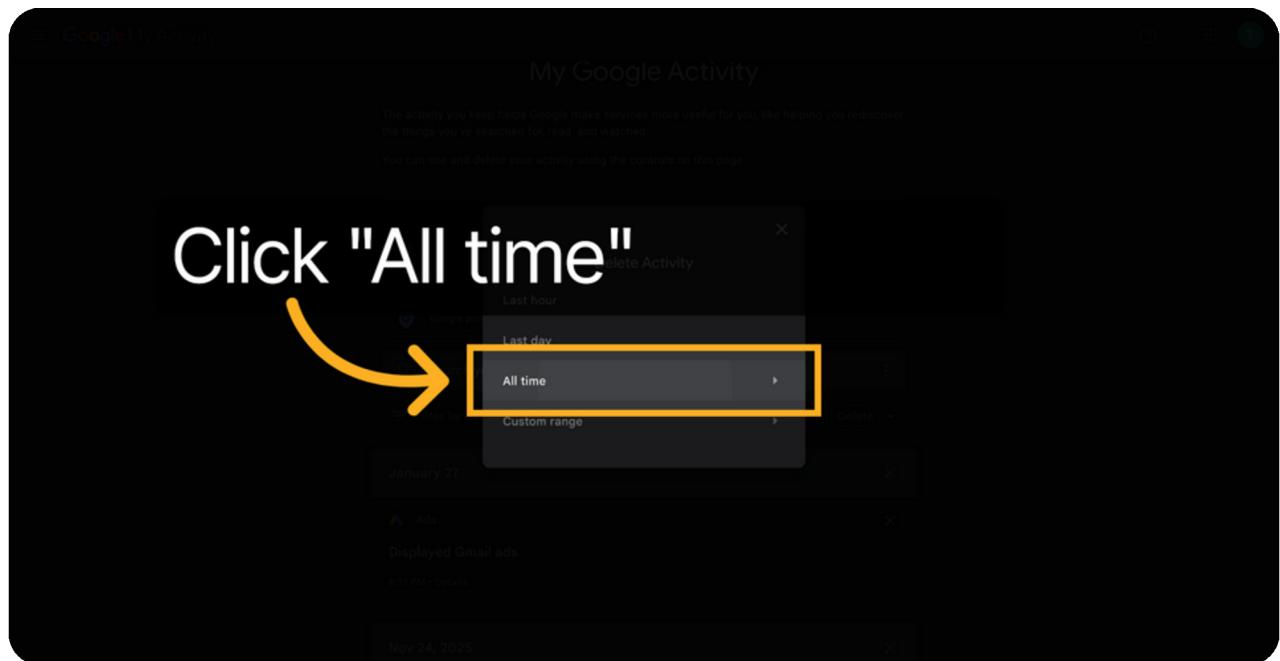

23 Access Time Range Settings

Click the area to open settings for selecting the time range of data to delete.

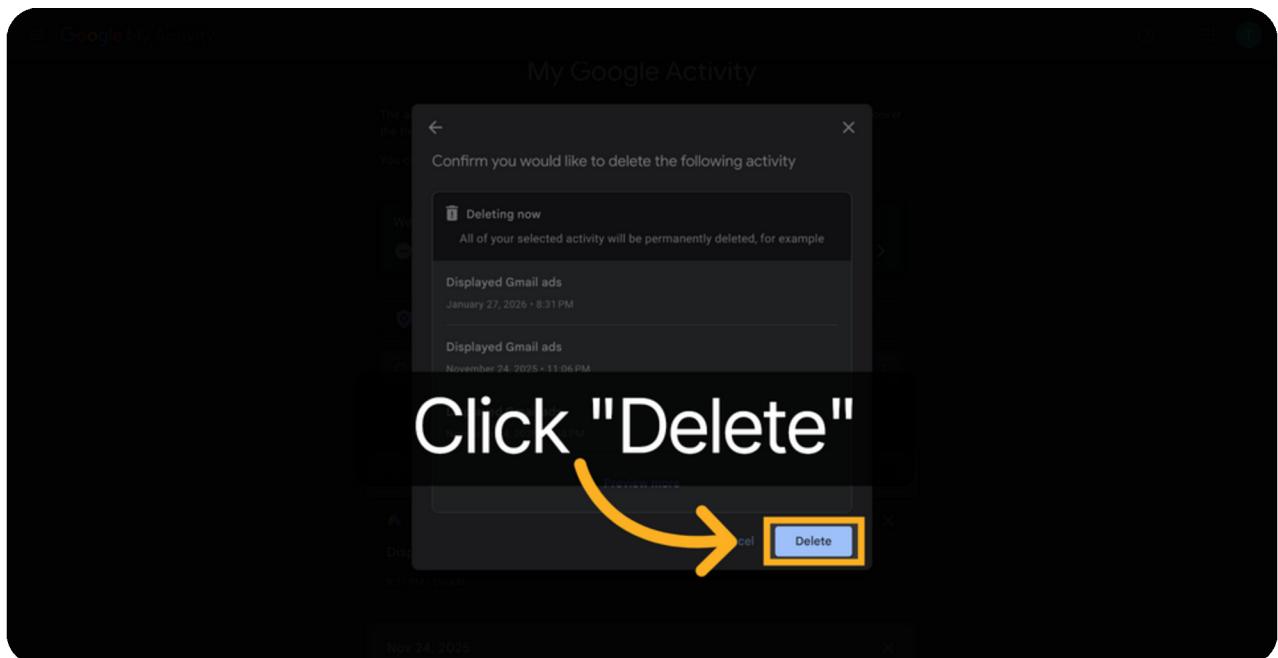

24 Select All Time Range

Click All time to choose the entire history of your Google activity data for deletion.

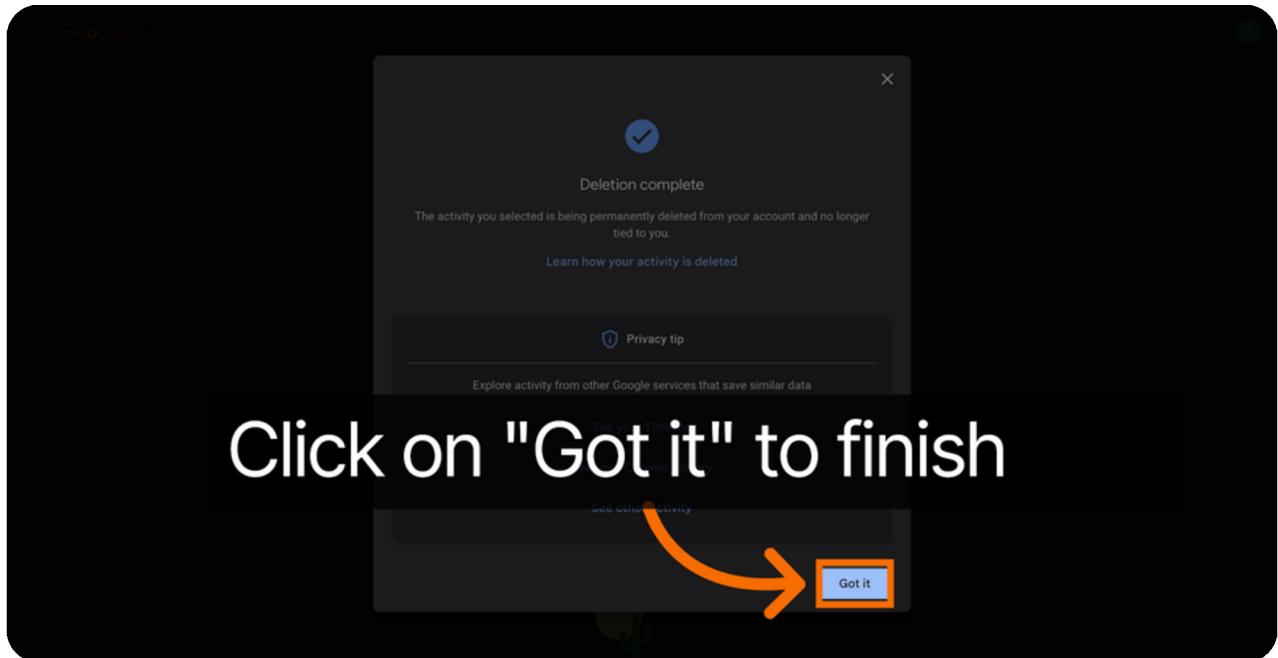

25 Confirm Data Deletion

Click Delete to permanently remove your Google activity data for the selected time range.

26 Acknowledge Completion

Click Got it to confirm that your data deletion process is complete.

You have successfully deleted your Google activity data and disabled activity tracking. To maintain your privacy, consider reviewing other Google account settings and managing data collection preferences regularly.
